Color, read and sing along with Milt the Talking Musky

Milt the Talking Musky is a spokesfish for parents, families and teachers involved in a child's education. **Sight Words** are commonly used words in the English language that young readers need to memorize because they do not follow the phonetic pattern for pronunciation when broken down by their letter sounds. A few minutes with **Milt the Talking Musky** provides beginning readers with a fun-filled practice of recognizing **86 Sight Words** through singing and learning with **Milt!**

This Button is a wonderful reinforcement tool for children and their parents, families and teachers. Cost is \$3.00 per button, postage and handling included.

Checks or Money Orders should be made out to:
